

FUNERAL SERVICES

If you are experiencing the loss of a loved one, we offer you our prayers and condolences. We seek to be of service and support to you. To make arrangements for funeral services let us know of the death of your loved one by calling the office at 517-394-4639. What happens most often is that when you meet with the funeral home to make arrangements, they will call Fr. Vincent Richardson to coordinate the times and place for the funeral services. Fr. Vincent will set up a time to meet with you to plan the Church services. If you are choosing cremation, it is possible to have the services at the church without the involvement of a funeral home by making arrangements directly with Fr. Vincent. Some choose to have a vigil service the day before, often at the funeral home, with the biblical Vigil Service of the Catholic Church, or the Rosary. Most often people have the funeral Mass at Church and an hour of visitation at church before Mass. It is also possible to have the funeral service without mass at the funeral home.
